Skills

Technical Skills Chakra-UI, Postman, NPM, Tailwind-CSS, React-Bootstrap, Netlify, GitHub, Firebase, Responsive Web Design, CSS3, HTML5, RESTful-APIs, MongoDB, Express.js, Node.js, Git, Redux, React, JavaScript, VS-Code, State-Management

Soft Skills Attention to Detail, Adaptability, Teamwork, Problem Solving

Projects

Flip Card Game

Flipcard game is a test-taking platform for users to have some fun and at the same time sharpening their brain.

- 🔗 **Deployed Link** : <https://flipcard-game-1-0.netlify.app/>
- 🔗 **Github Repo** : https://github.com/Sneha-Nahak/Flip_Card_Game
- Developed a web application using React for the frontend and Node.js with Express for the backend.
- Implemented user interface components with Bootstrap to ensure responsive and visually appealing design.
- Integrated MongoDB for efficient data storage, retrieval, and management.
- Collaborated on API development and routing to enable seamless communication between client and server.

Property Listing Platform (NestHive)

A property listing platform that offers users a seamless interface to discover, list, and manage real estate properties. Features include advanced search filters, detailed property profiles, and interactive maps, making it ideal for both buyers and sellers to connect effortlessly.

- 🔗 **Deployed Link** : <https://nest-hive.netlify.app/>
- 🔗 **Github Repo** : https://github.com/Sneha-Nahak/B43_WEB_160_Web-Project-155/tree/main/nesthive
- Developed login, signup, and role selection functionalities for seamless user authentication and role-based access control.
- Implemented advanced search filters and sorting options to enhance property discovery and user experience.
- Utilized React, Firebase, and Context API to create responsive design and dynamic data fetching for efficient property listing management.
- Contributed to the creation of detailed property profiles and interactive maps to facilitate easy property showcasing and viewing.

Employee Productivity Tracker

A browser-based platform to track the performance and productivity level of employees.

- 🔗 **Deployed Link** : <https://employeproductivitytracker.netlify.app/>
- 🔗 **Github Repo** : <https://github.com/Sneha-Nahak/Employee-Productivity-Tracker>
- Enhanced user interface of the platform to improve user experience
- Contributed ideas for platform enhancements to increase productivity tracking accuracy
- Ensured platform responsiveness across various screen sizes for optimal user interaction
- Utilized JavaScript, CSS3, and HTML5 to implement responsive web design features

Experience

Krearty International, *Part-time Graphic Designer*

Jun 2024 - Sep 2024

- Created visually stunning designs in line with industry standards and market trends.
- Edited photos and videos to enhance the sketching experience for professional artists.
- Collaborated with colleagues to ensure design consistency and quality.
- Managed multiple projects simultaneously, meeting strict deadlines and client expectations.
